Covey, The 7 Habits<sup>®</sup> for Law Enforcement provides the most comprehensive foundation for fostering change and developing trust and teamwork within your organization.

## Build Character of Your People and Your Organization

True organizational change starts from the inside--from within each individual. When officers act on principle, rather than emotional impulses, they make the right decision, even in highly-charged situations. Implementing the principles of The 7 Habits for Law Enforcement helps you:

- Define yourself from within to be a more influential leader
- Increase productivity and enhance motivation at all levels
- Develop and communicate your organization's mission, vision, and values
- Increase trust and teamwork in the community and within your agency
- Serve your community more effectively through a clearer understanding of citizen and stakeholder needs
- Balance all aspects of life by achieving and maintaining physical, emotional, and intellectual well-being
- Enhance the overall effectiveness and quality of your performance
