TOGETHER WE WILL FIND A WAY.

“Ask me how I’m doing.”

A person at risk of suicide
will often show warning signs:

- ◇ Feelings of hopelessness
- ◇ Expressions of having no reason for living or no sense of purpose in life
- ◇ Withdrawing from friends, family, and community
- ◇ Increasing alcohol and/or drug use

If you or a friend are in danger of suicide,
there is hope! It can start with a call.
